

Hobbies and Crafts

Be sure and read the Home Arts Rules and General Judging Standards before entering!

Department Rules:

1. Exhibits entered should not have name of exhibitor appearing anywhere, otherwise article cannot be judged.
2. Every article that is to be hung must be mounted and ready with wire attached.
3. Entries not hung must be mounted securely on a base and be no larger than 12"x18"x12".
4. Articles made for competition must be the work of the exhibitor, completed within the last year and half and not previously entered in the Fair.
5. Follow the premium list closely to enter in proper classification. There will be no classification additions to the Premium List. Exhibitor must use the classifications that are in the premium list (no exceptions). We will take suggestions for the next year.
6. Entries must be individual, no group entries accepted.
7. Exhibitor must be an amateur, which means he/she does not do craftwork for supplemental income. Those who sell and/or teach crafts professionally must enter in the "Professional" division. This class is open to everyone. Teachers, Professionals, and Judges must enter into this class. This class is not eligible for Sweepstakes Awards.

8. Adult and Junior exhibitors may enter as many entries as he/she wants in any class; however, duplicative entries in the judgement of the department supervisor will not be accepted (e.g. two model airplanes, two fly rods). Youth 8 and Under may enter up to two exhibits per class.

9. Kits will not be accepted as entries unless the class specifically allows kit entries. No exceptions.

AWARDS:

JUDGING STANDARDS:

Exhibits will be judged as follows:

Adult Hobbies & Crafts:	30
Quality of Work.....	20
Difficulty.....	20
Beauty of Design.....	
Uniqueness/Creativity.....	10
Adherence to Division	
Rules.....	100
TOTAL.....	

Junior/Youth Hobbies & Crafts:

Creativity – original ideas, techniques, color combinations, etc.; kits are looked upon less favorably.

Effort – does not look like it was put together at the last minute; no sloppy/half-hearted work (glue everywhere, etc.)

"Kid" work – again a category that disadvantages kits; a project should look like it was put together by an entrant under 18; evidence of others being overly involved in the creation of the entry is marked down (within reason – 3 year olds should not weld without appropriate supervision).
