RULES FOR JUDGING

Rule 1. POINTS.

Horse shall be judged on:

- 1/3 herd work
- 1/3 single cow
- 1/3 reining pattern

Horse may be judged for soundness and conformation before entering the arena.

Rule 2. APPOINTMENTS

Horses shall be shown with stock saddle, without tapaderos. Bit standards: A spade bit or a bit having the following characteristics must be used in all bridle classes (including youth). Said characteristics shall be: one with an unbroken bar mouthpiece with one inch or higher port measured from bottom of the bar to the top of the port. There must be an operable cricket inside the port of the bit. The diameter of the bar must be a minimum of 3/8 inch. The cheeks must be connected at the bottom. The overall length of the bit shall not be longer than 8 1/2 inches. Optional tongue release shall not exceed 3 inches in width. Braces, copper port cover and/or having copper smoothly inlaid in the mouthpiece are optional. Snaffle Bits shall be either "D" or ring type, no larger than 3 inches in diameter on the inside of the ring. They must have a broken mouth piece being a minimum of 3/8 inch in diameter from the corners, with a gradual taper ending in no less than 5/32 of an inch of the middle of the bit. A leather curb strap is to be used. Reins are attached above the curb strap. Breast collar is acceptable. Bosal, martingale, or tie down prohibited; no wire, chain or other metal or rawhide device may be used in conjunction with or as part of leather chin strap. If a curb strap is used it must be flat and 1/2-inch or wider with no knots. ***Bridle may be inspected at anytime by judge and stockhorse committee during event.***

STOCK HORSE RULES (CONTINUED):

Rule 3. INSTRUCTIONS TO RIDERS

In bridle classes, only one hand may be used on the reins and hand must not be changed. Hand to be around reins. Fingers between reins not permitted. Spurs or romal shall not be used forward of the cinch. At all times while horse is in motion the rider's hands shall be clear of horse and clear of saddle in accordance with judge's instructions. (It is suggested that judge instruct exhibitors to keep hands clear of saddle except at such times as it is necessary to use them to prevent a fall.) If any rider bleeds his horse by bit or spurs, he may be disqualified by the judge. As many riders do not use spurs, moderate use of romal is permitted. Excessive use will penalize or disqualify rider. Breaking of a curb strap will warrant disqualification. Rider may be disqualified for not following judge's instructions. A rider must not jerk or abuse his horse in any manner, in the arena at any time, as it sets a bad example for the Junior Riders and spectators. If a rider is caught abusing his animal in any manner, he will be disqualified by the Stock Horse Committee or Judge.

This applies to all contests at the Elko County Fair.

Rule 4. WORKING

Judge will give instructions and assign pattern at the beginning of each class.

Rule 5. FAULTS

The following characteristics are considered as faults:

Switching tail, hard or heavy mouth;

Nervous throwing of head;

Lugging on bridle;

Halting or hesitation while being shown (particularly while being run out);

Indicating anticipation of being set up, which is characteristic of an overtrained horse.

The characteristics of a good working horse are:

Horse should have good manners.

Horse should be shifty, smooth and have his feet under him at all times. When stopping, hind feet should be well under him.

Horse should have soft mouth and should respond to a light rein, especially when turning.

Horse's head should be maintained in its natural position.

Horse should be able to work at a reasonable speed and still be under control of the rider.

Rule 6. FALLS

The fall of a horse and/or rider while being shown in reining tests shall eliminate the entry in question. If a fall occurs while the horse is being worked on cattle, or if a horse falls from wet or slippery ground, elimination is at the judge's discretion.

Suggested Procedure For Showing with Cattle

The Elko County Fair Board has adopted the foregoing rules for judging stock horse classes.

In working cattle, the contestant is required to work at least 2 head. The contestant shall be asked to cut animals from the herd and work them back and forth in front of the holders in such a way as to demonstrate the horse's ability to dodge, duck, and to keep the animal from returning to the bunch. The back fence rule will be used for all classes. 2 1/2 minute limit on herd work.
